Aim & Vision

The Balaji Cancer Foundation operates with the nation development vision of offering a unique combination of medical and educational assistance with a modern and supportive environment for Cancer Patient from all around the world & from all walks of life. We are a group of professionals, social workers and doctors from different domain of the world working together to assist cancer affected children from financially backward families in India. We always try to provide financial, clinical, educational, logistics and moral support for the patients and their parents throughout the process of treatment and rehabilitation.

We offer clinical support

We commit ourselves to provide the best possible diagnosis and treatment options to the financially backward pediatric cancer patients. We taking care of poor and under privileged pediatric cancer patient from all over the India. We works on face to face service for providing medicines and equipments directly to parents. We also provides financial support to the patient's parents who are unable to give their children proper care & treatment..

We offer educational support

Our team consists of Research Scholar & experienced Education Mentors, who have design an education system for children who are suffered from Cancer and under the treatment. We created a system to send many children in schools and to give theme education with special heal & care. The objective of this process to make children from this category able to contribute in nation development & put themselves on the stage for better future.

How We Operate

Our Patient Adoption & Healing Process

Step 1 : Patient Registration

Step 2: Patient Document Verification (Hospital Certificate ,
Domicile & Parent's Income Certificate)

Step 3 : Parent Consent Form

Step 4: MOU between us & Hospital

Step 5: Allocating Registration No. to Patient

Step 6: Screening by our panel doctor.

Step 7: Offering Financial Support

Step 8: Providing medicines and equipments directly to parents

Step 9: Offering special education to child.

Step 10: Follow-up by our executive.

Join us as Volunteer

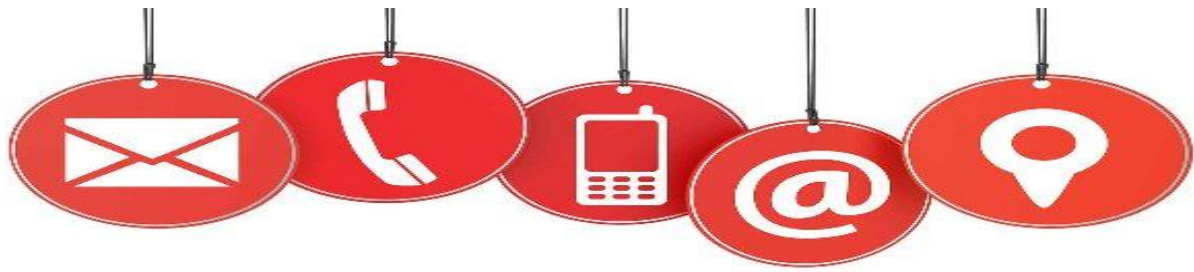

Volunteering is a very rewarding and for those who receive your care and compassion that is given unconditionally, it is a priceless gift. Our mission starts from grassroots and we welcome you as our partner to make our country a better place to live in. We have several training modules where you will be sensitized to problems. We are very willing to listen to suggestions from volunteers as they often bring in a fresh approach to problems. The atmosphere in our offices is very cheerful and we have a very democratic set up. Volunteering is special work that blesses the giver and the receiver alike.

Being a volunteer at BCF is quite simple, just download the form from the below link and send the dully filled application to help@balajicancerfoundation.org, we shall contact you as and when required.
